## Prayer Requests

### **Bulgaria**

**Trif & Vanya Trifonov** - Following a message on the spiritual gifts and mobilizing the church for ministry, we encouraged all our people to sign up to help in one of 20 different ministries/areas of serving at our New Life Church in Varna. Please pray that many people would volunteer and become active members in the Body of Christ.

**Josh Provow** – Please pray for the ongoing construction project of the future church building in Shumen. And praise God for the head of the construction crew who has started coming to church and is wanting to start our discipleship course soon!

### **International Students/USA**

**Tyler & Kellie Penn** – Please be in prayer for our international students who have come in contact with the knowledge of a resurrected Jesus over this Easter season. Pray that this knowledge would lead to seeking faith.

### **Japan**

**Rusty & Brenda Carney** — Thank you for praying for our Easter Event at KCC. Please pray all the seeds of the Gospel planted in the hearts of those who attended would be watered and cultivated until they come to fruition.

**Tristen & Sierra White** – We just finished our first week of CIT. Pray for us as we spend the next five weeks in class learning and preparing for service. Also, we are about 85% funded and would love to attain our last 15% to be in country this summer!

### **Kenya**

**Eddy & Amanda Simmons** - We found a company in Kenya to order some different solar MP3 players. Pray for the logistics to get them up to the Samburu leaders so they can try them out.

### **Spain**

**Anthony & Lea Edgmon** - We are burdened by the number of towns in our geographical area in Spain with no Gospel-preaching churches. Please pray with us that God would send church planters to help us with this task.
