## Prayer Requests

### Argentina

**Argentina Partnership** - Praise the Lord for an evangelistic day in the park in early June, where church members passed out literature, struck up conversations, and invited people to pick up some refreshments in a tent that was set up. Pray that the seeds sown will come to fruition.

### Bangladesh

**Bangladesh Partnership** - Members of the majority religion have been upset with recent conversions and attacked a church, harassing and intimidating the Christians, and destroying some of the literature they found there. Please pray for our partners as they try to reach the lost in a hostile environment.

### Brazil

**Brazil Partnership** - Pray for the Jardim Jaraguá FWB Church as they start installing the roof on the church walls that were built several years ago. The congregation has been raising funds to complete their church construction project while meeting in the unfinished building.

### Cuba

**Cuba Partnership** - Praise the Lord for the reports we have received of several different training events that have been conducted in the last couple of weeks to better equip pastors, disciplers, Sunday School teachers, and church leaders.

### France

**Alejandro & Breanna Johnson** – We are in France for a couple of weeks for a vision trip! Praise the Lord for allowing us this opportunity! Please pray God would give us guidance and peace as we wait for next steps for Breanna's visa.

**Matt & Cristina Price** – We praise the Lord for seven baptisms that will happen at the little wooden church in St. Nazaire on July 6. Pray that many non-Christians will be in attendance for this day of celebration.

### Ivory Coast

**Ivory Coast Partnership** - Pray for the leadership of the Association of Churches as they are busy preparing for the National Convention that will be held one month from now.

### Kenya

**Eddy & Amanda Simmons** – Praise the Lord for a great time with our CMP students! These have been very full, very hot days. We are all a little tired. Please pray for strength and stamina, that we will make the most of every moment and finish strong!

## **Spain**

**Anthony & Lea Edgmon** - We have two special requests today. First, our CMP students have just arrived. Please pray for them as they start off their time here and adjust to a new culture. Secondly, Alpedrete VBS begins on Monday, July 7. Pray for all those who are invited and for the teachers as they prepare to share God's love with each one.

## **Uruguay**

**Uruguay Partnership** - Pray for a men's retreat that will be held over this coming weekend.

## **Global Partnerships**

**Global Partnerships** - Pray for the country of **Togo** as they are going through a period of social and political unrest. Pastor Samuel and his wife Nina from Ivory Coast have been training local leaders and better preparing them for the ministry. In a recent evangelistic event held in a village without a church, twenty people indicated their decision to become Christ-followers. Pray for their discipleship.
