## Prayer Requests

### **Bulgaria**

**Tim & Lydia Awtrey** - Praise God for the new church in Ruse. There were about 30 in attendance. Pray for the church, as most of the people are young in the faith and don't yet have a firm foundation in Jesus.

**Josh Provow** - Please pray with us that the church in Kalugeritsa will be able to locate a new meeting location in the city of the nearby town of Kaspichan (one mile away). The church has a desire to move into the city so that it can reach more people and have a space that can be used throughout the week.

### **Cuba**

**Cuba Partnership** - Praise the Lord that the Maranata FWB Church in Guayabo, Cuba, was able to finish the construction of their new church building and they dedicated it this past Sunday, with six people baptized during the service!

### **Ecuador**

**Adam & Carol Duncan** – Please pray for a college medical team and the two villages we will be working in this week. There will be Christmas events occurring on Saturday, and the pick up of Operation Christmas Child shoeboxes for later this month.

### **India**

**India Partnership** - Please pray for Minati Pani as she recovers from surgery to repair fractures in one of her wrists following a fall from a motor scooter. Her husband is the leader of a network of churches affiliated with FWBs.

**Friends of India** - Please pray for our pastors and people in North and South India as they plan and carry out Christmas outreach efforts. Please pray for the stability of a church in South India after the death of their pastor and a new pastor assuming responsibility. Please pray for Dr. Don Hanna as he speaks to our 50 North Indian pastors via Zoom on December 14.

### **International Students/USA**

**Darren & Dana Portell** - Rejoice with us over a wonderful evening of food and fellowship with students in our home over the weekend. Our team has two big events this week, and we would appreciate prayer for Gospel conversations with our international students. On Thursday, we will host a reading day at our office for students to come grab a snack while they study for exams or snack

while they have a needed study break. Saturday is our annual baking day at the Penns' house, where we spend a few cozy hours making Christmas treats with our students.

## **Japan**

**Doug & Miriam Bishop** – Pray for our New Life Kids' Christmas party on Saturday. We are excited because our kids' after-school care students are planning to attend! Pray for the story of Christmas to draw them towards Christ.

**Jack & Ashley Kettelman** - Please pray for swift healing and no complications as Ashley recovers from her final breast cancer-related surgery on Tuesday, December 9.

## **Panama**

**Panama Partnership** - Praise the Lord for a total of 14 people who were baptized on Sunday from four FWB churches: Chame, Bethania, San Miguelito, and Chepo.
