Prayer Requests

Brazil

Brazil Partnership - Pray for the group from Brazil who will be traveling later this week to Central Asia to put on soccer camps for ten days. They will also share the Good News with those who show up. Pray that they find open doors for sharing.

Bulgaria

Trif & Vanya Trifonov - Please pray for a few people from our church who are facing various health issues. Pray for healing and strength in their weakness!

Ecuador

Adam & Carol Duncan - Pray for a young couple we have begun mentoring. Biblical marriage is uncommon here, and many separate over disagreements. Pray for heavy conversations among church leadership this week. Remember Moriah as she flies out on Saturday to begin her journey in the US.

France

Alejandro & Breanna Johnson - We're currently searching for an apartment. Please pray for us as we try to find our new home.

David & Myriam Reeves - On July 11, we are moving to our new house. Please pray for this new season and new neighbors. It's hard to have to say goodbye to our neighbors right now. We have made amazing connections, and I, Mimi, am even reading the Bible with a lady from the town we live in, so it's hard to say goodbye to all of this. Please pray for the Father to bring us a good opportunity in this new area of France.

Shane & Joy (THP) - We are traveling in Illinois and Tennessee this week. Thank you for praying for us and with us as we seek the necessary funds to return to France in August.

India

Friends of India - Pray for the pastors and evangelists as they preach in the villages. Also, pray for the Bible School in South India. Please pray for Pastor Johnson as he recovers from heart issues.

Ivory Coast

Ivory Coast Partnership - Pray for the Executive Committee of the Southern Association as they deal with legal challenges related to the property they own. Pray for Beraca, the Ivorian non-profit which manages the Doropo FWB hospital, as they raise funds to purchase needed X-ray equipment and replace a backup electrical generator.

Ivory Coast Partnership - Pray for the 1040i Mission Group as they visit and work in Tanda and then to Doropo (Hospital) Station. The new generator was purchased and delivered on Tuesday to the hospital. Our appreciation to everyone who gave to this essential need. Pray for the partners as they are preaching in many villages up north.

Mexico (Yucatán)

Mexico Partnership - Pray for the church plant in Mérida as they face the need to find an adequate place for them to meet. The open backyard where they are currently meeting does not have protection from the weather and has become too small for the increasing number of people who are attending.

Pakistan

Pakistan Partnership - Pray for the Vocational Institute, which is facing challenges in having enough resources to pay for rent and utilities on the building they are using for the training.

Spain

Josh & Bethany (THP) - Pray for our local team as we prepare to receive a visiting team. They will be leading an English camp, a one-day children's event, helping with small projects, and participating in the regular functions of 1042.
