Please pray for our team as we welcome returning students while we are still serving our summer session students. Please pray especially for our Sunday morning on campus, where we will connect with new international students and invite them to join us at English Corner this semester!

Ivory Coast

Ivory Coast Partnership - Praise the Lord for a good business meeting last week of the National Association. There were difficult issues to deal with, but it was done in a respectful way that demonstrated everyone's desire to be guided by the Holy Spirit. Praise the Lord for a successful fundraising effort of Witnesses of Christ, a FWB missions organization, that ended in July. They intend to use the resources to help support evangelism and church planting efforts in Ivory Coast.

Ivory Coast (Sherwood Lee) - The church planters up north sent their report for April through June. Praise the Lord that the total attendance was 5,884, and that there were 92 converts, 11 baptisms, and 105 churches. Also, please pray for the Christians at Varale as they continue to build their new church. The original building is too small for the congregation. (Thank the Lord). Lastly, pray for the people in general who are really suffering from malaria at present. A number have passed from malaria.
