

HOTLINE

Prayer Requests

Bulgaria

Tim & Lydia Awtrey - This week we kick off bible studies, home groups, English clubs, AA meetings, and many other things. Please pray with us that new people will come to these various events AND get connected to Jesus through them.

Cuba

Cuba Partnership - Pray for the 50 new students who started the 2026-2027 school year at the Cedars of Lebanon Seminary in Pinar del Río last week. They also started two new ministry concentrations, Leadership of Worship and Christian Education. The seminary extensions in other parts of the island also began classes, and new local church Bible Institutes opened their doors.

India

India Partnership - Pray for our partners as they need the resources to finish four new church buildings that they are erecting.

Friends of India - Pray for Pastor Wesley Rajkumar and his eye problem. Also, pray for pastors and workers in difficult situations. Pray for those in pastoral training. Lastly, pray for the country of Nepal.

International Students/USA

Darren & Dana Portell - Please pray for the Penns, Mercers, and our family as we meet together this weekend to share ministry best practices, plan collaborative events, and encourage one another by spending time together sharing ministry stories. Please continue to pray for our students who are attending the daily conversation groups, that God would help us to connect, and that it will create a pathway to faith.

Ivory Coast

Ivory Coast (Sherwood Lee) - Pray for the FWB Church in the village of Dogbe as they complete their building. At present, they need to place the roof. Also, pray for Dr. Kenia as he sees patients at the Doropo Hospital. Lastly, pray for our FWB Bible Institute in Bouna.

Japan

Jack & Ashley Kettelman - Please pray for Hope Alive Ikebukuro's official Launch Service this Sunday, September 27! Pray for boldness, receptivity, and the Holy Spirit's guidance as church members invite friends, family, neighbors, and coworkers, and for open doors for the Gospel in our outreach efforts to this community.

Nathan & Linda Snow - Last week, Pastor Kiyoshi Kojima, pastor of the mother church of our group of churches in Tokyo, experienced a loss of hearing in his right ear. The official diagnosis is ALHL (acute low-tone sensorineural hearing loss). In this case, it is the doctor's determination that stress and overwork appear to be the underlying contributing factors. The doctor recommends he pull back from as many of his duties and responsibilities as possible. Not only does Pastor Kojima serve as pastor, but he also serves a vital role as one of the officers in our Japan FWB denomination. For a time, he will need to step away from his officer duties, but plans to continue pastoral responsibilities as best as possible. Please pray for his healing, for rest, recovery, and recuperation.

Daniel & Kate Speer - Kate has been planning, and will be running, the annual Hokkaido-wide Christian women's meeting that will take place at New Life Church this weekend. Pray that everything will come together well and that the meeting will be a blessing and encouragement to the Japanese women in attendance.

Pakistan

Pakistan Partnership - Praise the Lord for a youth rally that our partners organized this past Saturday, where 65 youth attended.

Panama

Panama Partnership - Praise the Lord that the Association of Panama celebrated pastors and their wives with a special luncheon this past Saturday. Pray for them as they endeavor to reach the lost at the National level and through Global Partnerships.

Spain

Anthony & Lea Edgmon - The Alpedrete congregation will get together this weekend for our annual church retreat. Please pray for the speaker as he teaches on the primacy of Christ from the book of Colossians. Pray that the times of learning, fellowship, and fun will continue to knit our hearts together.

Togo

Togo Partnership - Pray for The Hanna Project team as they work alongside our partners in Togo this week to do some renovations to a community school.

Global Partnerships

Global Partnerships - Our Partners in Western Kenya shared the good news of a new church that will be launched on October 4. The church will start with almost 25 people. Please help us pray for the new church, the pastor, and his wife. Praise the Lord for Pastor David Wafula and his dedication to the ministry.
